# CHRISTMAS TREE

by Joseph Bruchac

The smell of Christmas is a tree,  
a real tree brought inside.  
It stands there in our living room,  
its green branches spread wide.

Popcorn and candy both smell fine,  
but not as good as that.  
Covered with colored balls and lights,  
it wears a star for a hat.

That tree makes me think of the woods  
and walking in the snow.  
I'm glad it's come to stay with us  
for just a week or so.

On the last Thursday of  
each month the Parish  
Council Clerk will be  
available at the coffee  
morning at St Luke's  
Church from 10.00am.

## Melted Snowman Biscuits

### Ingredients:

- 125g butter, melted
- 1/3 cup caster sugar
- 2 eggs
- 1 tsp vanilla essence
- 2 ½ cups plain flour
- 1 tsp baking powder
- 1 cup Icing sugar (for decorating)
- Marshmallows, mini m&m's & icing pens (for decorating)

### Method

1. In a large bowl, add melted butter, sugar, eggs & vanilla & whisk until combined.
2. Stir in flour & baking powder until a soft dough forms. Tip out onto a bench and use your hands to bring it all together. If you are impatient, you can use the dough immediately or alternatively, you can wrap dough in plastic wrap & freeze for 30 mins. This will make the dough firm and a little easier to work with.
3. Preheat oven to 200°C Line 2 oven trays with baking paper.
4. Roll out dough onto a floured surface approximately ½ cm thick. You want the biscuits to be fairly large since you want to give the illusion of a melted snowman on top. Cut circles using the rim of a glass (approximately 9cm diameter).
5. Place on baking trays & bake in preheated oven for 6 – 8 mins or until golden. Remove from oven & allow to cool completely.
6. Using the icing pen, draw little faces on the marshmallows.
7. Mix 1 cup icing sugar with 3 tsp water. Stir until smooth. The consistency should be runny but thick enough to spread on the biscuit. Spread on the biscuit to give a melted effect.
8. Place the marshmallow face into the icing. Add 3 buttons (mini m&m's) to each snowman. Set aside for the icing to set.
9. Once hard, draw on the arms. Once set, enjoy them!

## **Gardening Tips for December and January:**

As I look out of the window, on a bleak, wet and blowy November day, it is hard to think of recommending any outdoor gardening activities. The fields are full of water and the garden a quagmire. However, as gardeners, we must be prepared to make the most of any period of decent weather. So here are a few suggestions of what we could be doing as we await the first signs of spring.

1} A good job to consider, and one that will allow us to escape the worst weather, is to clean out the greenhouse. Wash the glass, the floor and staging with horticultural disinfectant, which will help kill any overwintering pests and diseases. Other related jobs to consider include insulating outdoor taps and packing away hoses.

2} In case we get very cold weather and the soil becomes frozen, it might be an idea to lift some leeks and heel them into a trench near a convenient path. They will keep for several months

3} Yellowing leaves on winter brassicas tend to harbour pests and diseases and should be removed. It is also a good idea to check your netting over the Brassicas, pigeons are always on the lookout for a free meal.

4} If possible dig over empty borders and pile well-rotted manure on top, if available. The worms and frosts will break up the clods.

5} If you have access to leaves, add them to a leaf mould bin, or put them in bags to rot down for a year in a shady spot behind a shed.

6} As winter progresses it is vital to check stored vegetables carefully. We all know the saying 'one bad apple spoils the barrel'. This is just as relevant to any stored potatoes and onions.

7} Finally, thinking ahead to next year's runner bean harvest, consider digging a runner bean trench. This should ideally be between 8 to 10 inches deep, lined with newspaper and filled with any kitchen waste (not cooked). By spring the compost materials will have sunk and can be filled with soil. The beans will thank you for your extra work and reward you.

In conclusion, a timely reminder for those who can't wait to get sowing, (from an anonymous source):

**'Sow carrots in January and you'll never have to eat carrots'.**

**Happy gardening and, if it is not too early  
Happy Christmas too.....**

## NOTES FROM THE MEETING HELD ON THURSDAY 02 NOVEMBER 2023

There were no members of the public present

**Present:** Cllrs Pritchard, Jones, Pocklington, Hopkins, Sherriff and Edwards (Chairman)

**Apologies:** There were no apologies received

**Also present:** County Cllr Bowkett and Dist Cllrs Ashton and Jones

### Reports from representatives on outside bodies

County Cllr Bowkett gave the following report:

There have been 45 issues of flooding in the Division, a few of which were in Stickney, due to the recent bad weather. It may be worth looking at storing some sand bags and 1 ton of sand. There will be a meeting on 09 November about the siting of the puffin crossing. If there are any work projects that can be carried out in Stickney Cllr Bowkett should be informed by 08 December. The footway by the old shop needs to be sorted out along with the footway at Horbling Lane.

Dist Cllr Jones reported:

The Local Plan is currently being updated. There is a ELDC Pride Team who will come to the village to carry out jobs to improve the village.

Dist Cllr Ashton reported:

Following the recent flooding a number of issues have been flagged, all authorities are working together to resolve these issues. The Environment Agency are responsible for the water courses. The EA was previously quoted £2m for work to be carried out on the Catchwater drains, this did not take place so the IDB are going to re-quote for the work. The cost of pumping water in the recent bad weather was £12,000 per day and pumps were running non-stop for seven days.

Asked of the Councillors:

A dyke has been filled in in Horbling Lane without being piped, is this allowed? Cllr Ashton will look into this. A resident has sewerage in the garden, County Cllr Bowkett is working with Anglian Water to deal with this matter.

### Declarations of Interest

There were no declarations of interest

### Planning applications received

**S/169/01747/23** - Mr H Hiley - Change of use to Nature Conservation Area including replacement access, revised parking and turning and re-location of mobile home at Caravan, Main Road

The following **Objections** were made to this application: This is outside the curtilage of the village. The caravan is an old touring caravan and not an existing mobile home. There is no fire hydrant in this area of Main Road and there is not a footway from this site into the village. There is no provision of sewerage disposal nor is there an electricity supply. The site was an existing nature area before the pond was filled in. Should permission be granted can a condition be included that there is only to one mobile home and it is for residential use only and not for holiday let?

### Planning Decisions received

OUTLINE planning permission has been received for:

**S/169/00853/23** - Mrs J Baines - Outline erection of 2 detached dwellings at Maidens, Hall Lane
