## **Gardening Tips for June:**

Well, we are here now in what is termed 'flaming June' with a hot, sunshine filled month and all risk of frost having passed. This should enable us all to catch up with all those jobs we didn't get done when the weather was inclement. June 21st will be the Summer solstice with plenty of daylight to allow us to get on with things and also anticipate the rewards for our efforts in the coming harvest. So here are a few things to consider getting on with:

- 1} Keep on top of the weeds so keep that hoe moving: Check directly sown crops - carrots, parsnips, beetroots and spinach - and thin as necessary. Ensure carrots are safe from the marauding carrot-fly. These are active in April/May and again in July/August, so it is best to prepare for the 'second-coming'.
- 2} This can be a dry month so keep an eye on the need to water. Water copiously when you do. If the soil appears dry a quick check can be done by scratching under the surface by either scraping away with a trowel or pushing a finger in.
- 3} This can be a good month to plant out brassicas; broccoli, calabrese, Brussel sprouts and cabbage. Again ensure they get optimum start by watering them well in.
- 4} Continue sowing salad crops - beetroot, lettuce, Pak choi and radish. These leafy crops do better if sown in partially shady positions, since the hot dry weather can lead to bitter tasting leaves.
- 5} If you have started beans (runner and French) off in pots, they should go into their outside positions now. They will need well prepared ground and suitable supports for the shoots to twine around and grow upwards.
- 6} Leeks, the size of pencils, need to go into their final positions now. Apparently the received wisdom of trimming the leaves and roots when transplanting, is no longer considered to be good advice and of no benefit and can be counter-productive.
- 7} Keep an eye on the developing tomatoes in the greenhouse and pinch out the side shoots, at the same time keeping an eye out for pests such as aphids, whitefly and red spider mite. Outdoor tomatoes can go into their final position in mid to late June, as well. Give them the best chance when moving them from greenhouse to outdoors, by conditioning them to move by taking them out in the day and putting them back at night for a few days. Another idea is to move them from greenhouse to cold frame to garden plot.

Finally, a word of wisdom from W E Johns (I assume the same man who created Biggles - I can find no other)

'One of the most delightful things about the garden is  
the anticipation it provides!

**ABOUT THE STICKNEY AND DISTRICT GARDENING CLUB - SDGC**

The Club meets on the 4th Tuesday of every month at 7.00pm in the Village Hall, unless a trip has been arranged. We have regular speakers on various topics, several outings per year, a Flower of the Month competition, plants for sale, Book Sales and Library, raffle and refreshments.

We are a friendly club always excited to welcome new members. We discuss any gardening issues which our Members' extensive knowledge can usually resolve. Non-members will always get a warm reception.

The Club held very well attended and supported Shows every summer until 2014. This is the first show to be held by the Club in many years and we hope it will be well supported by its members and residents of Stickney and surrounding villages.

### Request from local developer to take on responsibility of a public open space

There is an existing development where a management fee is paid, residents in this area would then be paying for the maintenance of one Public Open Space and having to contribute, via the precept, to the maintenance of other Public Open Spaces. It will set a precedent for future developments in the Parish. It is not the position of the Parish Council to take on such responsibilities to help developer sell their properties. With these comments in mind it was resolved not to take on this responsibility.

### Date of next meeting

The next meeting will be held on Thursday 06 June 2024 at 7.30pm in the Youth Centre, Hall Lane with a Public forum from 7.15pm.

### **JOIN OUR TEAM!**

As an independent local charity, supporting older people for more than thirty years, our service delivery in East Lindsey, West Lindsey and North Lincolnshire relies heavily on the kindness of volunteers from across the region. Their support helps to reduce loneliness and social isolation in older people, increase awareness of pension-age benefits, encourage and enable digital inclusion, improve well-being and raise vital funds through our shops. Volunteers really are at the heart of everything we do.

Volunteering with Age UK Lindsey is a great way to meet new people, develop skills and feel positive about being part of your community.

Currently, we have a need for Befriending Volunteers in the Stickney area:

**Befriending Volunteer** - Be there to provide company for someone who may be feeling lonely or socially isolated. A visit to have a cup of tea, share memories or playing a game can make such a difference to an older person's life or even to have a chat over the telephone if that suits you better. All we ask is one hour of your time per week.

If you are interested in finding out more please email [info@ageuklindsey.co.uk](mailto:info@ageuklindsey.co.uk) or call 01507 524242 and ask to speak to Lin Wood, Volunteer Coordinator.
