

## NOTES FROM THE PUBLIC FORUM HELD ON 11 JULY 2024

There were seven members of the public present, together with County Cllr Bowkett, who came along to listen and put questions to the representative from the Lincolnshire Road Safety Partnership:

The cost to site a speed camera is in the region of £100,000. An average speed camera will be considered for Stickney, but certain criteria must be met. The speed van will be looked for siting at Main Road from time to time, again depending on the sites available for the criteria to be met.

LRSP are responsible for the siting of cameras, the Police are responsible for enforcement of speeding. County Cllr Bowkett will ask LCC to consider 30mph road markings in the village.

**7.55pm** The LRSP representative left the meeting, as did one member of the public.

Issues regarding potholes in Holmes Road were raised, County Cllr Bowkett will deal with this matter. There is a low Anglian Water drain in the Main Road, this has been reported on Fix my Street. County Cllr Bowkett will look into this.

The entrance to the William Lovell school is badly broken up. No-one is taking responsibility for this land, County Cllr Bowkett is dealing with this.

The new road markings in the area of the A16 Main Road/Hall Lane will be done when the Puffin Crossing is put in place. The crossing, the road markings and the footway sealing is scheduled to take place in October

**20.05pm** County Cllr Bowkett and the members of the public left the meeting
