## **ST LUKE'S CHURCH**

A lot has been happening in recent weeks. We have had the annual visit of the cyclists raising money for Childhood Cancer, and our Annual Gift Day which, once again, demonstrated how keen people are to keep the Church open. So, thank you everyone, for your support. Every donation, large or small, is greatly appreciated.

During August we hope to be making use of good weather with a Family Picnic on Sunday 11<sup>th</sup> following our service at 11.15am. Everybody is invited to the service, and to the picnic – and you do not have to come to one, to be involved with the other. So why not come and join us?

August 31 & September 01 is the Lincolnshire Wolds and Coast Churches Festival. During the Festival, nearly all Churches and Chapels across the area from Stickney to Horncastle (31/8 & 1/9) and from Skegness to Louth (7 – 8/9) will be open for people to explore. We will have 'I-Spy Church' books available and will be serving refreshments. We will also be holding a Craft Fair in St Luke's Church on Sunday 01 September

We still do not know what the pattern of services will be from September onwards. These will be posted on the Church noticeboard as soon as possible. During August we have the following: (in St Luke's Church unless otherwise indicated):

04 August	9.30am	Holy Communion
	1.30pm	Baptism
11 August	11.15am	All Age Worship with Baptism <i>followed by family picnic</i>
25 August	11.15am	Holy Communion at Stickford
	3.00pm	Holy Communion at New Leake

For further information about events, contact Rev Fran (481183) or one of the Church Wardens, Bev Gosling (480641) or Sandra Boone (480802)

# A Game!

**How to play:** The players (2 – 4) take turns drawing a line, horizontally or vertically, to join two dots. As the game goes on the lines make up squares. The aim of the game is to make as many squares as you can, whilst trying to stop the other players getting squares! When a player completes a square with a line then they take another turn to join two more dots – several squares can be completed in one turn! Each time a line completes a square the player's initial should be put in the square ready for counting up when there are no dots left to join. The winner is the player with the most squares.

If you like to play this game you may want to copy the page before you start to save drawing up dots yourself!

## **Gardening Tips for August and September:**

Nothing makes the year fly past so quickly as writing these gardening notes. We are already thinking about September and unless you are one of those who like them al dente, it'll soon be time to start thinking about putting on the Brussel Sprouts for Christmas!

In the meantime here's a few jobs to be getting on with in the vegetable garden:

**August:** The vegetable garden is a treat this month. There is plenty of home produce to harvest, fruits of all our earlier labours.

- (1) As runner bean plants reach the top of their support it is a good idea to pinch out the tops. This encourages side-shooting and ensures there are more beans at a manageable height for picking.
- (2) Water sweetcorn plants regularly and feed with tomato food to get the best cobs. The cobs will be ready to harvest when you can pop a corn with a thumbnail and the juices appear milky.
- (3) Keep an eye on your onion bed. Lift and dry them (and shallots and garlic) once the foliage has flopped over and yellowed. Either tie them in bundles at the neck and hang them in a dry place or store them in onion bags to prevent them from going mouldy.
- (4) Harvest French and Runner beans regularly to prevent them from becoming stringy. Leaving mature pods to set seed can prevent further flowers developing.

### **September:**

- (1) Continue to sow spinach and cover them with cloches as the weather cools. By doing so you will have a picking throughout autumn and into winter.
- (2) Spring cabbage can be sown in modules in the greenhouse ready for planting out later.
- (3) Sow winter-hardy spring onions {White Lisbon are a favourite} for early crops next year.
- (4) Winter lettuce such as Arctic King can be sown directly into the ground now.
- (5) Garlic bulbs can be planted at the end of the month.

**In the conclusion, a late sixteenth century proverb:**

**'September blow soft till the fruit's in the loft'**

Happy gardening and happy holidays

## **DRIVERS BEING TARGETED WITH FAKE FINES**

### **What you need to know**

Action Fraud have received an increase in reports and intelligence where elderly victims are being targeted by individuals purporting to be police officers or traffic wardens. The victims are being approached whilst parked in a car park and are told by the suspect that they have parked illegally or broken a speed limit and a photo has been taken of their car for 'evidence'.

Victims are advised that they will face a substantial penalty fine unless they pay a smaller upfront fee immediately. Victims, who opt for paying the smaller penalty, will be directed to a parking meter and asked to enter their card and PIN. These parking meters have been tampered with by the suspect in order to retain the victim's card.

Once the victim inserts their card and is asked for their PIN, the victim is shoulder surfed for their PIN by the suspect. Once victims input their PIN, the card is retained by the machine and victim is told by the suspect to seek help from the company who operates the parking meter or their bank.

### **What you need to do**

- If you are suspicious about the **authenticity** of the fine, **do not pay** it until you have **verified** it with your local Council.
- Always **shield your PIN** from view when using an ATM machine, and **never** share your PIN with anyone.
- If your bank card is retained by any ATM machine, contact your bank **immediately** to inform them.

## **Stickney Community Speed Watch – Co-ordinator required**

Stickney was one of the first villages to set up a Community Speed Watch. At the beginning of the scheme speeds of up to 70mph in a 30mph area were recorded, now, the fastest 'speeders' are in the 40's. Although we haven't cured the problem of speeding vehicles in the village, we are well on the way to educating people to adjust their speeds and mind sets.

***It would be a shame to lose the momentum by allowing the scheme to end.***

The scheme has some volunteers, but no one is available to take on the role of the Coordinator.

I'd like to explain what the role involves, to try and encourage someone to take on this role:

- ✓ The Coordinator is the person that keeps the equipment safe at their house.
- ✓ They arrange a team of 3 people to carry out a monitoring session at the road side, but DON'T have to take part themselves.
- ✓ They can, if they want to, enter the details of the recorded vehicles onto a spreadsheet to email for the letters to be sent, again they DO NOT have to do this, any team member can do it.

Training will be available from the Lincolnshire Road Safety Partnership

A green campaign card for Matt Warman MP. On the left, there is a list of contact information with icons: a house for address (63 Wide Bargate, Boston, Lincolnshire PE21 6SG), a phone for number (01205 809110), an envelope for email (matt.warman.mp@parliament.uk), a globe for website (mattwarman.co.uk), and a ballot box for campaign name (Warmanfor BostonSkegness). In the center is a portrait of Matt Warman, a man in a suit and tie. To the right of the portrait, the text reads 'MATT WARMAN MP' in large white letters, with 'Serving the people of Boston and Skegness' in a white cursive font below it. A faint coat of arms is visible in the background on the right.
